*Note: TRAILS is an online library of the American Sociological Association that publishes innovative peer-reviewed teaching resources that utilize scientifically proven best teaching practices. TRAILS reviewers and editors are university faculty members and ASA pedagogical and content area experts. As noted on the TRAILS website, "All new submissions to TRAILS undergo a two-stage peer review process using public criteria based on empirically proven best practices in higher education... TRAILS provides a new form of evidence... to help schools more objectively measure excellence in teaching."
